WORK EXPERIENCE

VIRTUAL UNIVERSITY   2023 - 2024

- Successfully performing maintenance on the front-end of the platform which is based on HTML,CSS, javascript and React.

Projects:

Spotify Clone , NetFlix Clone :

- These web clones were created using HTML and CSS for structuring , styling and layout designing which looks like similar to the original one.
- These web clones which give me too much practical experience in the web World.

Portfolio Website:

- In this We Used best practices of HTML5, CSS3 and JavaScript to develop a static website with full Responsive and this one which show my ability to practical work in Programming.

Fully responsive Web pages:

- These pages were created from scratch using HTML for structuring, CSS for styling and Javascript for adding functionality and behaviour.

STRENGTHS:

Eager to learn new skills.

we learn from our mistakes.
